PRESIDENT STEVE GONSALVES
 "Helping Others Help Themselves"

NEXT MEETING
Bill Hollingshead
PolioPlus

When Davis Rotarian Bill Hollingshead moved back to northern California, he was determined to take his message to as many clubs and organizations as possible. Bill is PolioPlus Chairman of the Davis Rotary Club, member of PSA –Polio Survivors and Associates and past PolioPlus Chair of District 5160.

Bill was born and grew up in Woodland, California and graduated from the University of California at Davis with a Bachelor of Arts degree in Political Science (pre-law) and a minor in music. Also attending Cal Berkeley, he was in the Cal Marching Band that went to the '58 Brussels Worlds Fair and the Rose Bowl. In high school and college he will always be remembered for his comedy magic act.

As Director of Entertainment for both Sea World and Knott's Berry Farm, he produced the shows, working with writers, art directors, choreographers, set designers and composers. At Knott's his major project was the booking of the 200 days per year celebrity concert series. He also produced the Celebrity Concert Series for the San Diego Zoological Society for 10 seasons.

Bill lived in Orange County for 30 years. He joined Santa Ana Rotary in December of 2000 and in October of 2001 Bill went to Ghana Africa with the Polio Plus Team, and upon his return became Chairman of the club's Polio Eradication Campaign. With a club of just 58 members, they raised \$62,500.00, the largest amount in the entire Orange County area. The significance of the year 2001 was that it was the 50th anniversary of Bill having had polio. The passion that drives Bill is his being a polio victim as a kid, a polio survivor as an adult and now a polio champion as a Rotarian.

Bill has polished his talk into a college level lecture including an inspirational Polio Power Point Presentation. It includes historical iron lung photos along with photos of his 2001 trip to Ghana, Africa. He explains what polio is and emphasizes that it is still "The World's Greatest Crippler" that never really goes away as do most other childhood diseases. Bill shares his own seldom told and seldom heard story of being a survivor, the devastation of polio, as well as explaining the recently discovered Post Polio Syndrome. In the last three decades the phenomenon of Post Polio Syndrome has revealed the ravages of the disease returning in later years to cause paralysis and even death. In 2006 Bill had a post polio evaluation

and is currently in a physical rehabilitation program. Bill's presentation is both moving and a validation of the great work that Rotary International is doing to eradicate this disease.

He has had a licensed Talent Agency for over 30 years having represented acts such as Shari Lewis and Lamb Chop, Ricky Nelson, Wolfman Jack and Jan & Dean. RAFFLE

The proverbially lucky **Matt Jackson** had the winning ticket but failed to draw a joker.

PROGRAM

District Governor Earl Kilmer passed out bottles of his personal wine to Brian and Pam Gray, **Stan Thompson** and **Steve Gonsalves**, noting that the bottles should be cracked at 12:01 AM on July 1, 2010 to celebrate a job well done during Earl's year as governor.

Governor Earl talked about his District Governor coat along with entertaining happenings when he was the DGEN (District Governor Elect Nominee). Governor Earl noted that the district exists to help the clubs. His team, including the club presidents numbers 134.

International President John Kenney would like each club to finish the year with at least a net gain of one new member each. That would mean a net gain of 33,000 Rotarians world wide.

Governor Earl also talked about the commitment of each member to give at least \$100 annually to the Rotary Foundation of Rotary International. He pointed out that half the money given to the annual fund comes back to the district after three years. That "Share" money is available for local projects.

Governor Earl closed by reminding us that the Future of Rotary is in our Hands. There was time for a question. It turned out that Governor Earl is not related to either Billy Kilmer or Val Kilmer. But, because of the famous namesakes, Governor Earl cannot get the e-mail address "Kilmer".

As a remembrance of his Chico visit, President Steve presented Governor Earl with a print by **Mike Haldorson**. The art work was framed by **Anna Simcox**.

Weekly Rotary Foundation Thought

*This week's **Rotary Foundation Thought** is an inspiring quote from Paul Harris that can be assimilated to the challenge to eradicate Polio worldwide:*

"I like to think that the pioneering days of Rotary have just begun. What's 40 years in the life of a great Movement? There are just as many new things to be done as ever there were. Rotary must simply continue to pioneer or be left in the rear of progress." Over 60 years later, Paul Harris' words are just as meaningful. There are still so many new things to achieve and promises to keep. If every district allocates 10% of its available District Designated Funds (DDF) this year to the PolioPlus Partners Program, we can reach the \$5 million goal needed to fund National Immunization Days in India, Pakistan, Afghanistan and Nigeria and fulfill our commitment. Remember what Paul Harris said -we must all strive to be PIONEERS on the long road to PEACE.

Please support Rotary's international efforts with your check payable to "The Rotary Foundation" in the amount of \$100, \$200 or more. Your generous contributions make a huge difference in our world community. You may return your tax deductible donation to the Club's Foundation Giving Chairperson, Joe Starkey or mail to the office.
